EXECUTIVE PROFILE

Visionary Graphic Designer and 3D Animator with 5+ years of experience sculpting high-fidelity 3D models, directing kinetic motion graphics, and engineering brand identity systems. Proven mastery of Maya, Blender, Cinema 4D, Unreal Engine 5, ZBrush, and the Adobe Creative Cloud.

PROFESSIONAL EXPERIENCE

Senior 3D Motion Designer | Nexus Creative Studios (2023 - Present)

- Directed 3D commercial motion pipelines for Fortune 500 tech and consumer brands.
- Engineered character rigging, procedural cloth simulations, and Octane/Redshift shaders.
- Accelerated team render workflow by 35% through modular asset libraries and ACES pipeline.

3D Generalist & Animator | PolyForge Media (2021 - 2023)

- Produced broadcast-ready 3D character animations, vehicle rigs, and kinetic title sequences.
- Modeled hard-surface and organic models in Blender/ZBrush with optimized PBR textures.

Graphic & Visual Designer | Hyperion Creative Agency (2019 - 2021)

- Crafted bespoke brand identity guidelines, typography, 3D packaging, and digital UI design.

TECHNICAL SKILLS

3D & VFX: Blender, Autodesk Maya, Cinema 4D, ZBrush, Unreal Engine 5, Octane, Redshift, Houdini
Design & Motion: Adobe After Effects, Premiere Pro, Photoshop, Illustrator, Figma, InDesign
Specialties: Character Rigging, Hard-Surface Modeling, Keyframing, PBR Texturing, CMF Packaging

EDUCATION & CERTIFICATIONS

B.F.A. in Digital Arts & Animation | California Institute of the Arts (CalArts)
Autodesk Certified Professional: Maya & 3ds Max | Unreal Engine Fellowship Alum
